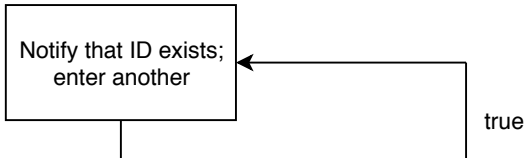
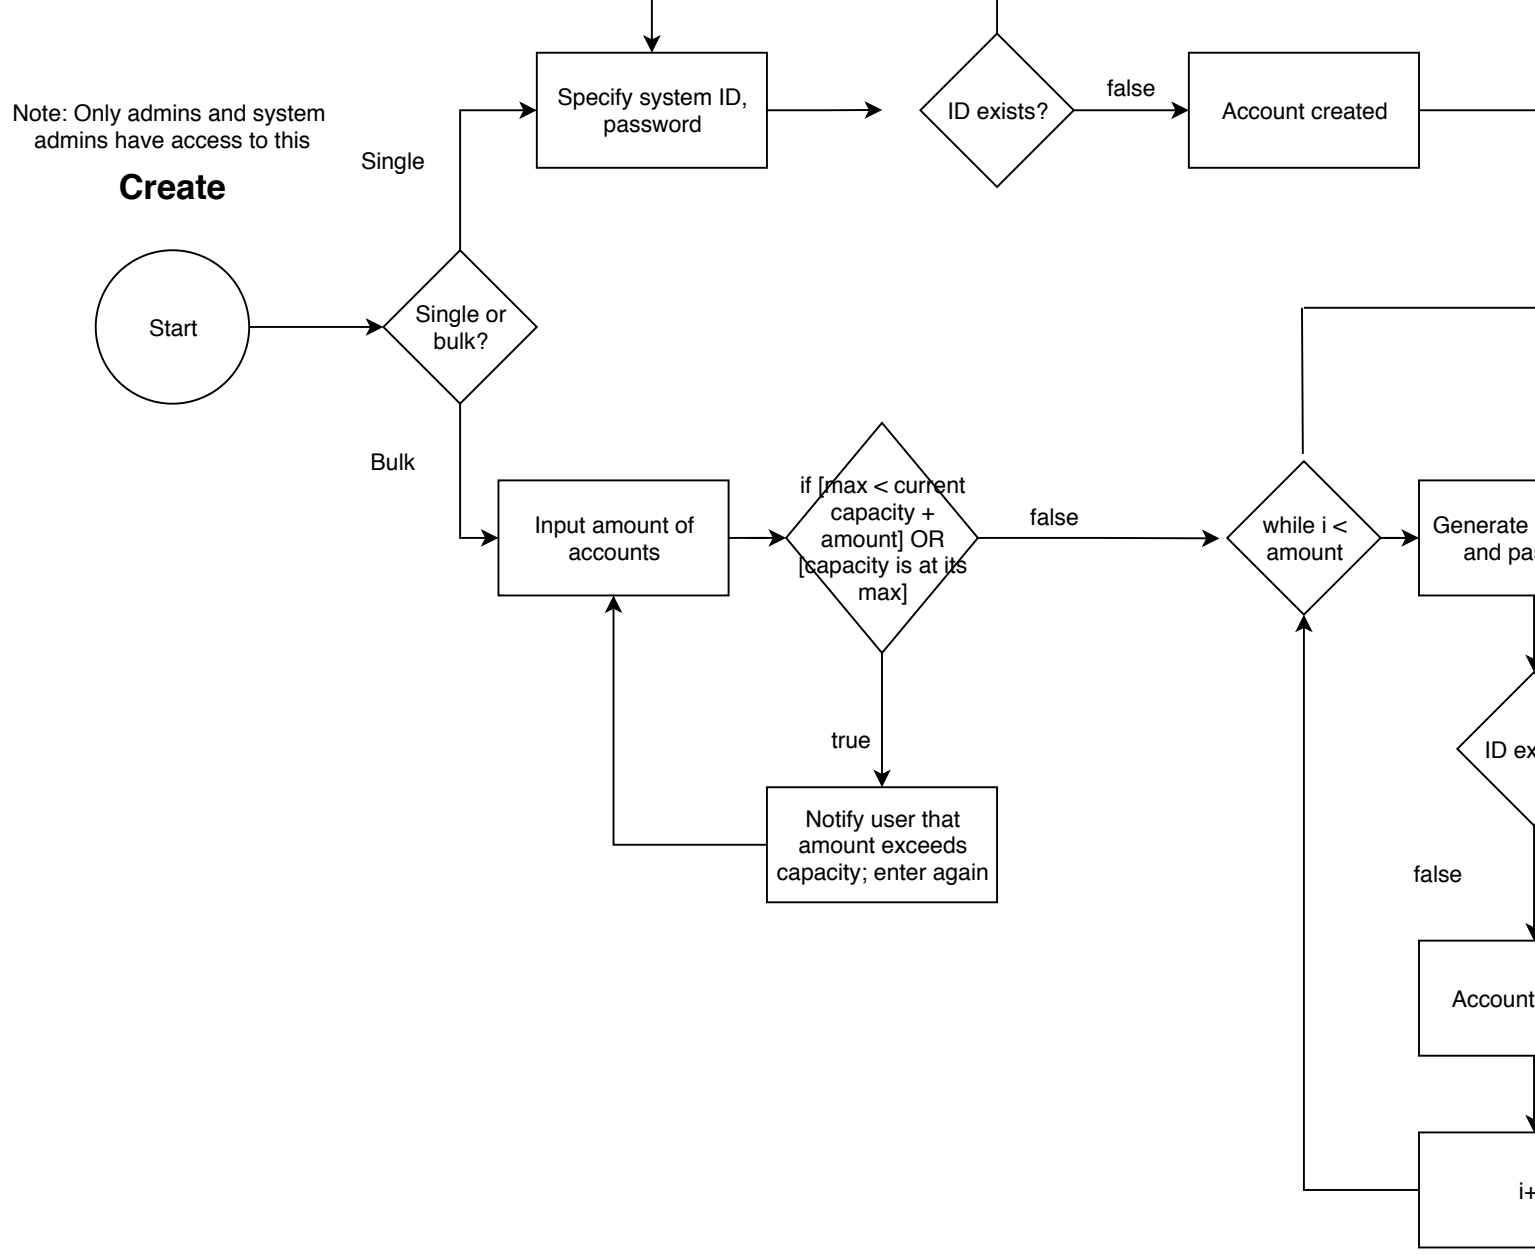
FIXME: If the accounts are created with the unique system ID's, do the users of th



ose accounts need to input their own email manually?



Note: Only admins and system admins have access to this
Create
Start
Single or bulk?
Single
Specify system ID, password
ID exists?
false
Account created
Bulk
Input amount of accounts
if [max < current capacity + amount] OR [capacity is at its max]
true
Notify user that amount exceeds capacity; enter again
false
while i < amount
Generate and pa
ID ex
false
